STATEMENT OF OBJECTS AND REASONS

The Brentford Electric (India) Limited, Calcutta (BEIL), established in 1964, has been in existence for about 18 years and has been engaged in the manufacture of regulators upto and above 500 KVA, rectifiers, special transformers, distribution transformers etc. The products of the company are of high quality and are required for defence establishments, State Electricity Boards and atomic energy establishments. The Company is at present employing about 200 persons.

2. BEIL started incurring losses from 1975 and ran into serious financial difficulties in 1976. The management of the company was taken over by the Central Government under section 18AA of the Industries (Development and Regulation) Act, 1951, and Andrew Yule and Company Limited, a Government company, was appointed as the 'authorised person' for managing its affairs. The period of take-over of the management of BEIL was extended from time to time and is presently up to 25th May, 1984. At the time of take-over, the accumulated losses of BEIL were Rs. 90.37 lakhs and its liabilities to third parties aggregated to Rs. 87.33 lakhs. However, the sales turnover of the company has improved considerably in the post-take-over period and it has been able to turn the corner by 1979-80, thus establishing that its operations are technically and commercially viable. During 1979-80 and 1980-81, the company made net profits (after interest on pre-take-over liabilities) of Rs. 1.85 lakhs and Rs. 5.1 lakhs respectively.

3. Considering the fact that the company had heavy losses on the date of take-over, it is evident that it would never be able to service its old liabilities, though its current operations, without the drag of the pre-take-over liabilities, are viable. The company cannot at the same time be run for an indefinite period under the provisions of the Industries (Development and Regulation) Act, 1951.

4. Studies made to determine the future set-up of the company revealed that the undertakings of the company should be nationalised in order to consolidate the gains of management and to ensure uninterrupted supply of critical items required by defence establishments, etc. In view of the importance and high demand of the products manufactured by the company and the loss of employment to about 200 persons, if the company were to be closed down, it is considered necessary to take over the undertakings of the company.

5. The Bill seeks to achieve the aforesaid object. Apart from providing for the acquisition and transfer of the undertakings of the company, the Bill provides for the payment of an amount for such acquisition, vesting of the undertakings of the company in Andrew Yule, a Government company, appointment of a Commissioner of Payments for the purpose of disbursing the amount payable to the company and for other incidental and consequential matters.
